

Therapist / Teacher Role Screen Specifications

Screen ID: SCR-TEA-001 – Teacher Dashboard

Field	Value
Screen ID	SCR-TEA-001
Screen Name	Teacher Dashboard
User Role	Teacher / Therapist
Platform	Tablet (Landscape), Web (Desktop)

Purpose, Pre-Conditions & Post-Conditions

Purpose

Provide the teacher with a centralized view of their daily responsibilities, including active sessions, pending assessments, pending mastery checks, and notifications. This dashboard serves as the entry point for all teacher activities.

Pre-Conditions

User logged in as Teacher.

Post-Conditions

User navigates to the appropriate screen (Session Dashboard, Assessment, Mastery Check, etc.).

Components & Interaction Details

Component	Type	Description	Validation / Behavior
Header	Text	“Good Morning, [Teacher Name]”	Personalized.
Date/Time	Read-only	Current date and time.	Auto-updates.
Today’s Schedule Card	Card	Displays the teacher’s current session assignment.	Shows Station & Room, Session Block, Assigned Students, Timer, Start Session button.
Assessment Tasks Card	Card	Shows students assigned for 6-week assessments.	Shows student list and Continue Assessment button.
Pending Mastery Checks Card	Card	Shows goals pending mastery verification.	Shows goals ready for mastery checks.
Notifications	Scrollable List	Recent notifications.	Session approvals, revision requests, coordinator alerts, parent messages.
Quick Action Buttons	Buttons	Direct links to common tasks.	Start Session, Assessments, Mastery Checks, Parent Communication.

Screen ID: SCR-TEA-002 – Skills Assessment (ABLIS Logging)

Field	Value
Screen ID	SCR-TEA-002
Screen Name	Skills Assessment (ABLIS)
User Role	Teacher / Therapist
Platform	Tablet (Landscape)

Purpose, Pre-Conditions & Post-Conditions

Purpose

Enable teachers to log ABLIS assessment data for students during the 6-week assessment period.

Pre-Conditions

- Student is in the “In Assessment” status.
- Teacher has accessed the assessment from SCR-010.
ABLIS form is pre-loaded with default items

Post-Conditions

ABLIS data is saved and the student’s assessment progress is updated. Needs analysis auto generated.

Components & Interaction Details

Component	Type	Description	Validation / Behavior
Student Header	Read-only	Student photo, name, age, assessment status	Auto-populated
Domain Tabs	Tabs	Navigate between ABLIS domains	Domains: Visual Performance, Motor Imitation, Vocal Imitation, Receptive Language, Requesting, Play and Leisure, Social Interaction, Writing, Dressing
Color Key	Legend	Always visible scoring guide	0 = Red (Not Demonstrated), 1 = Yellow (Emerging), 2 = Green (Mastered), N/A = Grey
Progress Bar	Visual	Shows completion percentage for current domain	Auto-calculated from scored items
Skill Items List	Scrollable Grid	Displays all skill items for selected domain	Each row shows: Item ID (e.g., B1), Description, Score buttons, Notes field
Item ID	Label	Unique skill identifier	Matches physical ABLIS form (B1, B2, C1, etc.)
Skill Description	Text	Full description of the skill	Matches physical ABLIS form
Score Buttons	Radio Group	Scoring options for each skill	Options: 0 (Red), 1 (Yellow), 2 (Green), N/A (Grey)

Component	Type	Description	Validation / Behavior
Notes Field	Text Input	Optional notes for each skill	Free text, auto-saves

SCR-TEA-002A: ABLLS Need Analysis Map

Screen ID: SCR-TEA-002A

Screen Name: ABLLS Need Analysis Map

User Role: Teacher / Therapist, Program Director

Platform: Tablet (Landscape), Web

Purpose: Display a visual representation of ABLLS scores showing areas of strength and areas of need, identical to the physical "Color Need Analysis" map.

Pre-Conditions:

ABLLS assessment data exists for the student

Post-Conditions:

Visual map is displayed and exportable

Component Details:

Component	Type	Description	Validation/Behavior
Student Header	Read-only	Student photo, name, age	Auto-populated
Visual Performance Section	Grid	Visual Performance domain results	Color-coded: Red (0), Yellow (1), Green (2), Grey (N/A)
Motor Imitation Section	Grid	Motor Imitation domain results	Same color coding
Vocal Imitation Section	Grid	Vocal Imitation domain results	Same color coding
Receptive Language Section	Grid	Receptive Language domain results	Same color coding
Requesting Section	Grid	Requesting domain results	Same color coding
Play and Leisure Section	Grid	Play and Leisure domain results	Same color coding
Social Interaction Section	Grid	Social Interaction domain results	Same color coding

Component	Type	Description	Validation/Behavior
Writing Section	Grid	Writing domain results	Same color coding
Dressing Section	Grid	Dressing domain results	Same color coding
Summary Legend	Legend	Score interpretation	Shows count of 0s, 1s, 2s per domain
Priority Areas	List	Highlights top 3 areas of need	Domains with most 0s and 1s
Export Map	Button	Exports as image or PDF	PNG or PDF format
Print	Button	Prints the map	Standard print dialog

Screen ID: SCR-TEA-003 – Behavior Assessment (MASS/FAST + ABC Tracking)

Field	Value
Screen ID	SCR-TEA-003
Screen Name	Behavior Assessment
User Role	Teacher / Therapist
Platform	Tablet (Landscape)

Purpose, Pre-Conditions & Post-Conditions**Purpose**

Enable teachers to conduct behavior assessments using MASS and FAST questionnaires and track behavior incidents using ABC methodology.

Pre-Conditions

- Student is in the “In Assessment” status.
- Teacher has accessed the assessment from SCR-010.

Post-Conditions

Behavior assessment data is saved and available for Program Director review.

Components & Interaction Details

Component	Type	Description	Validation / Behavior
Student Header	Read-only	Student information and assessment status.	Auto-populated.
Assessment Type Tabs	Tabs	Switch between assessment types.	MASS, FAST, ABC Tracking.
MASS Questionnaire	Form	Motivation Assessment Scale questions.	Likert scale scoring with automatic calculations.
FAST Questionnaire	Form	Functional Analysis Screening Tool.	Yes/No questions with automatic scoring.
ABC Tracking Log	List + Form	Record ABC incidents.	Add, edit, delete incidents.
Assessment Summary	Read-only	Summary of findings.	Identified functions and recommendations.
Save Draft	Button	Saves progress.	Allows continuation later.
Submit Assessment	Button	Submits completed assessment.	Validation and confirmation required.

Screen ID: SCR-TEA-004 – Daily Notes & Summaries

Field	Value
Screen ID	SCR-TEA-004
Screen Name	Daily Notes & Summaries
User Role	Teacher / Therapist
Platform	Tablet (Landscape), Web (Desktop)

Purpose, Pre-Conditions & Post-Conditions

Purpose

Provide teachers with a historical view of submitted session summaries and daily notes.

Pre-Conditions

User logged in as Teacher.

Post-Conditions

Teacher can view and access past session summaries.

Components & Interaction Details

Component	Type	Description	Validation / Behavior
Session Summary List	Scrollable Table	Displays all teacher sessions.	Date, Students, Station, Status, Actions.
Filter Controls	Dropdowns / Date Pickers	Filter session list.	By Date, Student, Status.
Search	Text Input	Search by Student Name.	Real-time filtering.
View Session	Button	Opens session summary.	Read-only or edit mode depending on status.
Edit Draft	Button	Edit draft summaries.	Visible only for drafts.
Resubmit	Button	Resubmit revised summaries.	Available for revision-required sessions.
View Feedback	Button	View Coordinator feedback.	Modal display.
Weekly Summary	Section	Weekly performance summary.	Exportable PDF.
Performance Metrics	Section	Teacher KPIs.	Sessions completed, trials logged, independence %, review status.

Screen ID: SCR-TEA-005 – Parent Communication (Teacher View)

Field	Value
Screen ID	SCR-TEA-005
Screen Name	Parent Communication
User Role	Teacher / Therapist
Platform	Tablet (Landscape), Web (Desktop)

Purpose, Pre-Conditions & Post-Conditions

Purpose

Enable teachers to communicate directly with parents of assigned students.

Pre-Conditions

- Parent accounts exist.
- Teacher is assigned to the student.

Post-Conditions

Messages are sent and tracked. Communication history is preserved.

Components & Interaction Details

Component	Type	Description	Validation / Behavior
Conversation List	Scrollable List	Active conversations with parents.	Displays student, parent and message information.
Filter Controls	Dropdowns	Filter conversations.	By student.
Search	Text Input	Search conversations.	Real-time filtering.
Conversation View	Chat Interface	Parent-teacher messaging.	Thread, input, attachments and quick actions.
Share Session Summary	Button	Share latest approved session summary.	PDF attachment.
Share Progress Update	Button	Share goal progress chart.	Select goal and date range.
Request Home Observation	Button	Request observations from parent.	Sends standardized request.
View Home Observation	Button	View parent observations.	Observation history display.
Escalate to Coordinator/Director	Button	Escalate communication.	Creates notification for leadership roles.
Communication Log	Button / Tab	Historical communication summary.	Audit trail.
Mark as Resolved	Button	Close conversation.	Parent can reopen if needed.

Existing Therapy Workflow Screens Used by Teachers

The Teacher/Therapist role also utilizes the following previously defined screens:

Screen ID	Screen Name	Purpose
SCR-002	Today's Session Dashboard	Real-time trial logging
SCR-003	Behavior Incident Modal	ABC incident logging
SCR-004	Goal Mastery Check	Teacher B/C verification
SCR-005	Session Summary	Session summary generation
SCR-010	6-Week Assessment Dashboard	Assessment launcher
SCR-012	Preference Assessment	Preference logging
