- Forgot Password?

Screen Name Today's Session Dashboard
Screen ID SCR-002
User Role Teacher / Therapist (Primary)

Purpose

- View the two students assigned to their current station/session block.
- Toggle between two active goals per student (as defined in the IUP).
- Log unlimited trial-by-trial data using the prompt hierarchy (FP, PP, G, +).
- Monitor session timer and remaining time in the current station block.
- Seamlessly switch focus between Student A and Student B.

Component Detail

- Station & Room Header - Displays current station name and room (e.g., "Station 1: Basic Skills – Room 2").
- Timer - Countdown timer showing time remaining in the current 1h30m or 1h20m therapy block.
- Teacher Name - Logged-in teacher's display name.
- Student Card (Left Column) Active student view. All interactions target this student's active goal. See below.
- Student Card (Right Column) Secondary student view. Used for quick data entry without full context switch. Tapping anywhere on this card's prompt bar swaps it to Active (Left).
- Student Name Visual identifier for student. Tapping shows full student profile (read-only).
- Goal Selector Below Student Name Two tabs/pills representing the two goals assigned for this station. Tapping switches the Active Goal for that student column.
- Trial Stream (Last 5) Below Goal Pills Horizontal row of icons showing the prompt level used for the last 5 trials of the active goal. Informational only. Icons: + (Independent) = Green, G = Yellow, PP = Orange, FP = Red.
- Prompt Entry Bar Four large buttons: FP, PP, G, +. Tapping logs a trial instantly for the Active Goal of the student in that column.
- Record Behavior Incident - Below Prompt Bar Secondary button with warning icon. Opens the Behavior Incident Modal (SCR-003).
- Swap Button - Button to explicitly move the secondary student to Active column.
- End Session Button - Primary action to finish the session block. Navigates to Session Summary Screen (SCR-005).

Component	Type	Description	Validation/Behavior
Goal Type Indicator	Badge	Shows "Standard" or "Task Analysis"	Auto-detected from goal configuration
Step List	Scrollable List	Displays all steps in the task chain	Shows step number, description, progress bar, prompt buttons, success/fail toggle
Step Progress Bar	Visual	Shows independence % per step	Auto-calculated from trial data
Step Prompt Buttons	Buttons	FP, PP, G, + per step	Tapping logs a trial for that specific step
Step Success/Fail	Buttons	✓ (Success) or ✗ (Fail)	Required for each trial
Active Step Indicator	Highlight	Shows which step is being worked on	Teacher can tap to select active step
Overall Progress	Section	Shows percentage of mastered steps	Auto-calculated

Component	Type	Description	Validation/Behavior
Mastered Steps	Read-only	Lists mastered steps	Auto-populated
Remaining Steps	Read-only	Lists steps not yet mastered	Auto-populated

Screen Name Behavior Incident Modal

Screen ID SCR-003

User Role Teacher / Therapist

Purpose

- Document behaviors using the ABC (Antecedent-Behavior-Consequence) model.
- Capture contextual notes without leaving the main session dashboard.

Component Details

- Header Displays student name, current goal, and close (X) button.
- Date Auto-populates to today, can be changed
- Time Auto-populates to current time, can be changed
- Location Options: Therapy Room, Snack Place, Playground, Sensory Room, Circle Time, Other. Configurable via SCR-ADMIN-003
- Behavior name Options: Unable to remain seated, Biting others, Flopping, Screaming, Other. Configurable via SCR-ADMIN-003
- Behavior definition Auto-populates when behavior is selected
- Frequency Options: Rarely, Occasionally, Frequently, Very Frequently, Constantly
- Intensity Options: Mild, Moderate, Severe
- Category Options: Attention-seeking, Safety concerns, Not sitting still/Hyperactivity, Making noises/interrupting conversation, Running away/climbing furniture/eating inedible items, Flopping, Elopement, Difficulty with transitions, Obsessive, Inappropriate
- Antecedent Dropdown options configurable via SCR-ADMIN-003. "Other" option opens text input
- Consequence Dropdown options configurable via SCR-ADMIN-003. "Other" option opens text input
- Additional Notes -Text Area Free text for any extra observations Optional.
- Cancel Button Dismisses modal without saving. Confirmation dialog if any field has been touched.
- Save Incident Button - Persists the incident record locally and closes modal.
- Recorded by Auto-populated from logged-in user

SCR-003A: ABC Data Sheet View

Screen ID: SCR-003A

Screen Name: ABC Data Sheet View

User Role: Teacher / Therapist, Therapy Coordinator, Program Director

Platform: Tablet (Landscape), Web

Purpose: Display a tabular view of all ABC incidents for a student, mirroring the physical ABC Data Sheet format. Used for review, analysis, and reporting.

Pre-Conditions:

ABC incident data exists for the student

User has access to view student data

Post-Conditions:

Data is displayed, filterable, and exportable

Component Details:

Component	Type	Description	Validation/Behavior
Student Header	Read-only	Student photo, name, age	Auto-populated
Date Range Filter	Date Pickers	Filter incidents by date range	Default: Last 30 days
Behavior Filter	Dropdown	Filter by behavior type	Options: All, Elopement, Biting, Flopping, Screaming, etc.
Category Filter	Dropdown	Filter by category	Options: All, Attention-seeking, Safety, etc.
Export Button	Button	Export data	CSV or PDF format
ABC Data Table	Table	Displays all incidents in a table	Columns: Date, Time, Location, Behavior, Frequency, Intensity, Category, Antecedent, Consequence, Teacher
Row Click	Click	Click a row to view full details	Opens SCR-003 in read-only mode
View Details	Button	View incident details	Opens SCR-003 in read-only mode
Delete Incident	Button	Delete an incident	Confirmation required. System Admin only

Screen Name Goal Mastery Check Screen

Screen ID SCR-004

User Role Teacher / Therapist (Primary), with optional inputs from two additional teachers (Teacher B and Teacher C)

Purpose

- Documenting the outcome of the Two-Teacher Generalization Check required after a student achieves 100% independence with the primary teacher.
- Capturing verification results from Teacher B and Teacher C in a single consolidated view.
- Recording whether the skill persists with novel people.
- Automatically flagging the goal for Program Director review upon successful checks, or keeping the goal active if generalization fails.

Component Details

- Back Button -Returns to the previous screen (Session Dashboard or Student Profile).
- Student & Goal Header - Displays student photo, full name, goal name, and station. Auto-populated from triggering context.
- Primary Teacher Data Card -Summarizes the mastery criteria achieved by Teacher A.
- Teacher B Section - Input section for the second teacher's verification. Teacher B name auto-filled from staff list (assigned to this student/group).
- Teacher C Section - Input section for the third teacher's verification. Teacher C name auto-filled.
- Verification Outcome - Options for each teacher's observation. Success or fail
- Prompt Used Dropdown - Visible only when "Failed - Required Prompt" is selected. Options: FP, PP, G.
- Notes Fields Free text for each teacher to add context.
- Cancel Button - Discards any entered data and navigates back. Confirmation dialog if changes made.
- Submit for Review Button: Saves the check results and changes the goal status to "Pending Approval". Routes the goal to the Program Director for final approval. Enabled only when both Teacher B and Teacher C have selected an outcome.
- Verification Status Indicator: Displays the current status of the mastery check:
 - "Verification Pending" (waiting for Teacher B/C)
 - "Verification Complete - Pending Approval" (both teachers verified, waiting for Program Director)
 - "Approved - Goal Mastered" (finalized)
 - "Rejected - Action Required" (returned to Teacher A with feedback)

Screen Name Session Summary Screen

Screen ID SCR-005

User Role Teacher / Therapist

Purpose

- Review a complete summary of the therapy session for both students.
- See auto-calculated metrics: trials per goal, independence percentages, behavior incidents logged.
- Add qualitative observations (the only manual text entry required).
- Submit the session report to the Program Coordinator and end the session block.

Component Details

- Back to Session - Returns to Dashboard (SCR-002) without ending session. Confirmation if notes entered.
- Preview PDF Opens a read-only PDF view of the report exactly as it will appear to the Program Director.
- Session Details Card- Station, teacher name, exact start/end times, total duration.
- Student A/B Cards - Expandable/collapsible sections. Tapping header toggles expansion.
- Goal Summary Row-Displays goal name, total trials, breakdown by prompt level, and independence percentage. Calculated from trial logs.
- View Trial Log Link-Opens a modal with chronological list of all trials for that goal (time, prompt).
- Task Analysis Summary: For Task Analysis goals, the session summary shall display:
 - Full step list with per-step progress
 - Trials logged per step
 - Success/fail count per step
 - Independence percentage per step
 - Overall mastery status
- Behavior Incidents List - Condensed list showing time and type. - Aggregated from SCR-003 entries.
- View Full Incident Details - Opens a modal with ABC data for each incident.
- Incident count - Shows count next to the section header
- Teacher Qualitative Notes-Multi-line text input. Placeholder text guides the teacher.
- Save Draft Button -Saves current state (including notes) without ending session officially.
- Submit & End Session Button - Finalizes the session, marks it as complete, and sends report to Coordinator. Disabled if qualitative notes are empty (unless made optional).

Screen Name Student Register & Profile/Placement
Screen ID SCR-006
User Role Program Director, Therapy Coordinator

Purpose

- View a searchable, filterable list of all enrolled students.
- Add new students
- Edit student profile information
- Assign program placement (Regular vs. Pooled Out) and therapy group (Basic Therapy vs. Functional Living Skills).

Component Details

- Search Bar - Filters student list in real-time by name.
- Program Filter - Drop down - Regular, Pooled Out. Single-select; updates list. Default: All
- Group Filter - Drop down - Basic Therapy, Functional Living. Single-select; updates list. Default: All
- Add New Student Button - Primary action to create a new student record.
- Student List - Scroll-able list of student rows. Each row displays: Student name, age, Program / Group. Clicking a row selects it and loads its full profile in the right pane.

This part appears when a student is selected from the list or when "Add New Student" is tapped.

- Core Info - Full Name - Text input - Required.
- Date of Birth - Date picker - Required. Age auto-calculated and displayed.
- Parent/Guardian Name - Text input - Required.
- Contact Phone - Tel input - Required. Format validation.
- Placement - Program Type - Radio group - Required: Regular or Pooled Out.
- Therapy Group - Radio group - Required: Basic Therapy (3-12) or Functional Living (13-19). System validates age against group range; if mismatch, show warning icon.
- Station Assignment - Drop-down with station options(station 1 or 2).

Actions

- Cancel Button - Discards changes and reverts to previously saved state. Confirmation if unsaved changes.
- Save Button - Validates and persists data. Disabled if required fields missing.

Screen Name Student Profile Screen

Screen ID SCR-006A

User Role Teacher, Therapist, Therapy Coordinator, Program Director

Purpose

- View a student's full profile details in a dedicated screen.
- Provide read-only access for Teachers/Therapists and editable access for Coordinators/Directors.
- Serve as the central hub for viewing student information, placement, and assigned goals.

Triggered From

SCR-002 - Tapping student name

SCR-006 - Selecting a student from the list

Component Details

Back Button - Returns to the previous screen (Session Dashboard or Student Register).

Student Header - Displays student photo (if available), full name, and age.

Media Section:

- Headshot Photo: [Display photo] (Required)
- Baseline Video: [Play button] [Upload/Replace] (Optional)

Core Information Section

- Full Name
- Date of Birth (Age auto-calculated)
- Parent/Guardian Name
- Contact Phone

Placement Information

- Program Type (Regular / Pooled Out)
- Therapy Group (Basic Therapy / Functional Living Skills)
- Station Assignment
- Current Goals Summary

Displays assigned goals per station:

- Station 1 (Basic Skills) – up to two goals
- Station 2 (Advanced Skills) – up to two goals

Read-only summary.

Edit Button - Visible only to Therapy Coordinator and Program Director.

Navigates to Create/Edit Student Screen (SCR-006B) in Edit Mode.

Screen Name Create / Edit Student Screen**Screen ID SCR-006B****User Role Program Director, Therapy Coordinator****Purpose**

- Create a new student record or edit an existing student profile.
- Ensure all required student, placement, and contact data is captured and validated.

Triggered From

SCR-006 → Add New Student Button (Create Mode)

SCR-006A → Edit Button (Edit Mode)

Modes**Create Mode**

- All fields empty
- Creates new student record

Edit Mode

- Fields pre-filled with existing student data
- Updates existing record

Component Details**Back / Cancel Button-** Returns to previous screen. Shows confirmation dialog if unsaved changes exist.**Form Fields**

- Full Name Text input – Required
- Date of Birth Date picker – Required Age auto-calculated and displayed
- Parent/Guardian Name Text input – Required
- Contact Phone Tel input – Required Format validation applied

Placement Section

- Program Type Radio group – Required Options: Regular, Pooled Out
- Therapy Group Radio group – Required Options: Basic Therapy (3–12), Functional Living Skills (13–19). System validates age against selected group. Displays warning if mismatch.
- Station Assignment Dropdown (Station 1 or Station 2)

Actions

- Save Button Validates all required fields and persists data. Disabled if validation fails.
- Cancel Button Discards changes. Confirmation dialog if changes were made.

Screen Name Goal Bank & IUP Assignment**Screen ID SCR-007****User Role Program Director, Therapy Coordinator****Purpose**

- View and manage a library of standard ABA goals organized by domain (e.g., Communication, Social, Motor, Self-Help).
- Add, edit, goals
- Assign up to two goals per station to individual students .
- View a student's current goal assignments across stations at a glance.

Component details

- Student Search - Text input to filter student list by name. Real-time filter.
- Group Filter - All, Basic Therapy, Functional Living.
- Student List Scrollable showing name, age, program/group. Tapping selects student; loads their IUP summary below and enables assignment.
- Current IUP Summary - Displays for selected student: Station 1 (Basic Skills) with two goal slots, Station 2 (Advanced Skills) with two goal slots. Each slot shows goal name or "Not assigned". Read-only overview.

Goal Library Browser

- Goal Search - Search by goal name or keyword. Filters goal list.
- Domain Filter Chips - Horizontally scrollable chips: All, Communication, Motor, Social, Self-Help, Cognition.
- Goal List - Scrollable list of goal cards. Each card shows: Goal name, Domain. A checkbox indicates if goal is already assigned to selected student (in any station). Tapping a goal selects it and loads details.
- Add New Goal Button - Button at bottom of list. Opens "Create New Goal" form.

Goal Details & Assignment

- View/Assign Goal (when a goal is selected) or Create New Goal (when Add New is tapped).

View/Assign Existing Goal

- Goal Details - Goal Name, (editable via Edit button for Director).
- Domain - Dropdown (Communication, Motor, Social, Self-Help, Cognition).
- Description - Multi-line text describing the target behavior.
- Assignment Section - Station - Station 1 (Basic Skills) or Station 2 (Advanced Skills). Only stations applicable to student's group appear.
- Assign Goal Button

Create New Goal

- Goal Name - Text input
- Domain - Dropdown.
- Description - Multi-line text
- Save Goal Button - Creates goal and adds to library.

Screen Name Staff Management & Teacher-Student Linking

Screen ID SCR-008

User Role Program Director, Therapy Coordinator

Purpose

- View and manage staff accounts (Teachers, Coordinators, Directors).
- Add new staff with role, contact information, and login credentials.
- Edit or deactivate staff accounts.
- Link teachers to students for specific session blocks (station, day, time).
- View teacher schedules and assigned student lists at a glance.

Component Details

- Search Bar - Filter staff by name or email.
- Role Filter Chips - All, Teacher, Coordinator, Director. Default: All.
- Add Staff Button - Primary action to open blank staff form.
- Staff List - Scrollable table showing name, role, status (Active/Inactive). Tapping selects staff member; loads details

Staff Details & Account

- Full Name
- Email - Required, unique. Used for login.
- Phone - Tel input
- Role - Dropdown Teacher, Coordinator, Director.
- Account Status - Active / Inactive. Inactive prevents login.
- Save Changes Button Persists all edits. Disabled if no changes or validation fails.
- Reset Password Button-Sends password reset email
- Deactivate / Activate Button- Toggles account status with confirmation.

Teacher-Student Linking

This section is only visible when the selected staff member has the role "Teacher" .

- Station Selector - Dropdown listing all stations (e.g., Station 1 Basic Skills, Station 2 Advanced Skills).
- Day/Block Selector - Dropdown listing available session blocks for selected station. Format: "Monday AM (8:07-12:00)", "Monday PM (1:10-4:45)", "Tuesday AM", etc.Required.
- Available Students List - Multi-select list of students who are: (a) enrolled in the selected station's therapy group, (b) not already assigned to another teacher in this exact block, (c) not exceeding 2 students per teacher limit. Checkboxes for selection.
- Assigned Students List - Shows students currently assigned to this teacher for the selected station/block.
- Assign Button - Moves selected Available Students to Assigned list. Validates teacher capacity (max 2 per block).
- Remove Button - Moves selected Assigned Students back to Available list. Confirmation if student has session data already logged.
- Current Assignments Summary - Table showing all blocks and assigned students for this teacher.
